Carol S. Comer, Director

SEP 18 2018

Ms. Julie Ellingson
Laboratory Director
ALS Environmental - Fort Collins (Lab #175)
225 Commerce Drive
Fort Collins, CO 80524-2762

Dear Ms. Ellingson:

Based upon the review of laboratory data by staff of the Department of Natural Resources Environmental Services Program and the on-site evaluation performed by the Utah Department of Health, ALS Environmental - Fort Collins of Fort Collins, Colorado, is reciprocally certified under the provisions of the Missouri Safe Drinking Water Regulations to perform chemical analysis for public water systems in the State of Missouri.

Enclosed, please find a certificate of approval and a certified parameter list for your laboratory. The certified parameter references the parameters and methods of analysis that have been approved by the State of Missouri to complete chemical testing of public water supplies. Your certification will expire on June 30, 2019, and is contingent upon no changes of the approved methods or equipment.

Should there be any changes to your certification status, please notify this office within 30 days. Any notifications or inquiries related to the approval may be directed to Ms. Ellen Harrel of my staff, who may be reached at P.O. Box 176, Jefferson City, MO 65102, or by telephone at 573-751-1077. Thank you.

Sincerely,

WATER PROTECTION PROGRAM

David J. Lamb
Public Drinking Water Branch Chief
