Dear Mr. Van:

SUBJECT: Reciprocal Certification

The information supplied to this office by your laboratory has been reviewed. Based on the Texas Commission on Environmental Quality Certification of ALS Laboratory Group, Environmental Services Division (Houston, Texas), the Michigan Department of Environmental Quality (DEQ) will accept the results generated by your facility for compliance monitoring under the Michigan Safe Drinking Water Act, 1976 PA 399, as amended. The results that will be accepted are for the following contaminants and certification levels:

Organic Chemistry

Full Certification:

2,3,7,8-TCDD (Dioxin) (via U.S. EPA 1613B)

Our acceptance of results and certification of ALS Laboratory Group, Environmental Services Division (Houston, Texas) is contingent on your continued certification by the Texas Commission on Environmental Quality. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results from a state approved supplier on a running 12-month basis throughout the certification period and the results of any on-site inspections conducted by the Texas Commission on Environmental Quality or its agents.

Our certification of your facility will expire on April 30, 2017. If you have questions regarding this information please contact me by phone at 517-335-9219 or by email @ lundyg@michigan.gov.

Sincerely,

Gregg A. Lundy
