

# Salt Lake City Laboratory

The ALS laboratory in Salt Lake City is a premier provider of industrial hygiene analytical services in the United States. We consistently deliver quality data to assist our clients in promoting human health. We have been accredited by the American Industrial Hygiene Association (AIHA-LAP (101574), LLC) since 1974, and serve as the primary contract laboratory for the National Institute for Occupational Safety and Health, an honor we have proudly held for over 30 years.

The Salt Lake City facility is a NELAC accredited laboratory providing environmental analytical services to government and private clientele such as the EPA, Departments of Defense and Energy, and numerous environmental engineering firms. In supporting environmental investigation and monitoring programs, ALS performs a full range of organic and inorganic analyses using SW-846 and EPA methodologies on a wide range of sample matrices including groundwater, surface water, wastewater, soil, sludge, and hazardous waste. We also provide specialty analytical services such as mycological, microscopy, and dietary supplement testing.

When making the choice for your environmental testing partner, know that ALS delivers excellent performance on a consistent basis. We set the bar high, because we know our clients expect it. We deliver on performance excellence so that we will remain the right choice with the right solutions for all your environmental testing needs.

## Our Expertise Includes

### Industrial Hygiene

- TO-14, TO-15
- Beryllium
- Diesel Particulates
- Pesticide and Herbicide Scans
- TO-17
- Silica
- Methamphetamine
- GC/MS Screens
- Metals Panels
- Aldehydes and Amines
- Antineoplastic/Chemotherapy Drugs

### Environmental

- Perchlorate
- White Phosphorus
- NDMA
- Explosives/Nitroaromatics
- Vapor Intrusion
- Chemical Agent Breakdown Products by LC/MS
- SW-846 Methods
- EPA CLP
- DoD
- SEDD (Staged Electronic Data Deliverable)

### Microbiology/Mycology

- Non-Viable Fungal Spore Analysis
- Viable Fungal and Bacterial Analysis

### Dietary Supplements

- Vitamin Analysis
- Pesticides Screens
- Minerals Analysis
- Heavy Metals

## SERVICE

- On-time data delivery and rapid TAT
- Experienced staff with expertise
- Available after-hours and weekends

## VALUE

- Instant access to data with Webtrieve™ and Webtrieve™ Mobile App
- Custom bottle kits with pre-printed labels and COCs

## RELIABILITY

- Technical experts that can answer your most difficult questions
- A real focus on quality and process control with a rigorous QA/QC program
