

# Waterloo Laboratory

The ALS laboratory in Waterloo provides reliable and accurate analytical testing services to support the highly-regulated Ontario marketplace. This full-service laboratory offers complete support to the Greater Toronto Area, with depot centres in London, Mississauga, Ottawa, and Richmond Hill.

Our technical professionals specialize in remediation, routine monitoring and drinking water testing services. In addition to the routine analyses, ALS' innovative chemists have expanded our capabilities to analyze for water soluble organics such as pharmaceuticals and personal care products, and we recently have introduced air quality testing.

To consistently deliver quality testing data, we have incorporated the most advanced, cutting-edge equipment and instrumentation in an ultra pristine, 34,000 square-foot facility. This modern design and layout increases production efficiency, promotes laboratory cleanliness, and reinforces employee pride in the laboratory workplace. With developments such as WebTrieve™, our flexible and easy-to-use online data retrieval service, ALS delivers results in the form of dependable service, added convenience, and overall client satisfaction.

## Our Expertise Includes

### Organic Capabilities

- GC/MS Volatiles: BTEX, Chlorinated VOCs, etc.
- GC/MS Semi Volatiles: PAH, Phenolics, Phthalates, PCBs, Pesticides, etc.
- GC/ECD: PCBs in Oil
- Hydrocarbons: CCME, O.Reg 153.04 (F1-F4)
- TCLP/SPLP Organics
- Methane, ethane, ethene (water and air)
- Air testing (TD)
- Pharmaceutical and Personal Care Products

- Perchlorate, Bromate
- Nonyl phenols and ethoxylates

### Inorganic Capabilities

- ICPMS and ICPOES Metals
- Mercury by CVAA
- TCLP/SPLP Metals/Inorganics
- General Wet Chemistry
- Major anions
- Cyanide

### Value-Added Services

- Dedicated account managers

- Pre-labelled sample containers
- Flexible report styles
- Customized EDD
- Weekend sample receipt
- Dependable and professional staff
- Service centres located in Mississauga and Richmond Hill
- Delivery and pick-up services

## SERVICE

- On-time data delivery and rapid TAT
- Experienced staff with expertise
- Available after-hours and weekends

## VALUE

- Instant access to data with Webtrieve™ and Webtrieve™ Mobile App
- Custom bottle kits with pre-printed labels and COCs

## RELIABILITY

- Technical experts that can answer your most difficult questions
- A real focus on quality and process control with a rigorous QA/QC program
