

New Geochemistry Lab in Rouyn-Noranda, QC

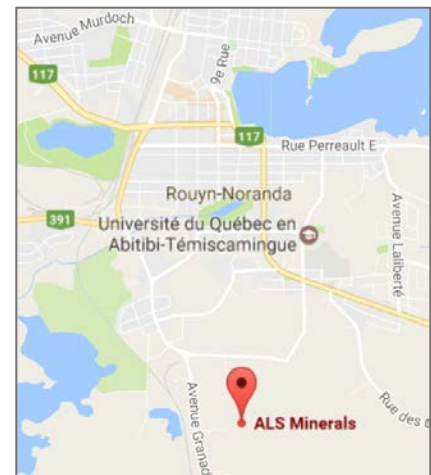

ALS Offers New Laboratory Location in Rouyn-Noranda, QC

ALS is pleased to announce the opening of our new sample preparation laboratory in Rouyn-Noranda, located in the heart of the Abitibi Gold Belt.

This new location allows us to provide fast, efficient service to our clients in Western Quebec with the same expertise and quality that ALS is known for in the region.

- Expert Geochemical Support and Client Service
- ISO 17025:2005 accredited analysis in Val d'Or and Vancouver
- ALS Webtrieve™ and Open Lab
- Sample pick up services
- Rapid, high quality sample prep and logistics

Please do not hesitate to drop by the new facility after June 12 to discuss your project requirements, mine site services and near-site support. We would be happy to assist you in any way we can.
